

East Haddam Youth & Family Services (EHYFS) works collaboratively with our town government, school system, local and state police, civic and faith organizations, parent groups, youth and adults and several regional and state agencies. We are committed to offering programs and services at little to no charge so that cost does not prevent anyone from being able to participate.

With three bike routes to choose, a 5k walk/run, and a delicious lunch, this event aims to provide a fun, family-friendly day that brings community members together. Join the other 200 participants, volunteers, and sponsors for the 8th annual Ride or Stride event on October 6 and help support programming at EHYFS. This event is fully organized and staffed by volunteers of all ages so that 100% of money raised goes right back into the community. **Thank you for your support!**
